## **DO YOU KNOW WHERE YOUR CHILDREN ARE.....*ONLINE?***

Have you ever dropped your child off in downtown Atlanta to enjoy the sites and attractions with **NO** supervision? Of course not! Why would you "drop" your child off online without the same amount of supervision? This 1-night, **PARENTS ONLY**, presentation will give you the insight and education you need to help safeguard your children from the dangers lurking on the internet. Learn about MySpace, Facebook, and other forms of electronic communications available to children. **Must be OVER 18 to attend due to graphic subject material!**

*This is first-hand knowledge that you can not afford to pass up!*
